			<p>Hey Sebastian,</p> <p>Thank you for reaching back out to StockX. We are happy to further review this matter with you.</p> <p>We hope that you understand that we'd never intentionally misinform you, or persuade your judgment to our benefit, as we only wanted to provide you relief knowing your shoes are indeed authentic.</p> <p>In this case, our team has reviewed this pair both in hand and via the photos you have provided us with, and we have confirmed authenticity of this pair both times. We are not seeing anything out of the ordinary for this model.</p> <p>This is why we do suggest selling these if you do not wish to keep them, as they would pass verification once again as long as they are sold in the same condition received. We recommend listing these at a price you are comfortable with and with the verification tag still attached.</p> <p>If you have any questions regarding this, or anything else, please let us know. We appreciate your continued support of StockX.</p> <p>Kind regards,</p> <p>Austin</p>
